NORTH OAKLAND MOTHERS HEAR SALOONS ARRAIGNED

Mrs. R. C. Young Makes Spirited Appeal in
Behalf of Liquor Regulation

Speaking before the mothers of the North Oakland district yesterday, Mrs. R. C. Young, at the Shattuck-avenue M. E. church parents' meeting, made a spirited appeal to the parents of children to support the council's ordinance reducing the saloons of Oakland by 200, and to defeat the saloonmen's ordinance to be voted on at a special city election of February 17. Mrs. Young was at first one of those who favored putting a more stringent law than the council's against the saloonmen, but at the behest of the Public Welfare League, which declared that this would endanger the regulation of the liquor traffic, she joined forces with the league and appeared yesterday as the league's special representative.

Mrs. Young outlined the situation in Oakland, told of the league's contention that the present council's ordinance would furnish adequate regulation.

mothers, for the sake of the welfare of the children, to line themselves behind the move.

IMPORTANT SESSION TONIGHT.

Tonight will see an important session at the Garfield school, when Elizabeth Sheehan will address a mass meeting on the saloon question. The two speakers will outline the saloon situation, beginning with the first scandals which roused the council to a realization that the saloons of the city must be reduced and regulated; will take up the details of the fight started by the Royal Arch and its minions against the ordinance, and of the filing of petitions for the coming special election at which the people and the saloons will cross swords at the polls. They will show reasons for supporting the council's ordinance and will bring out the ambiguities and "jokers" in the saloonmen's, or "Hart ordinance," which the liquor element is now seeking to have passed.

While the mass meetings are being held the house-to-house workers are rushing their work and will be ready with full reports next week for President Arlett. Lists have been made out of the different voters in the districts, when they will be home on election day, how they stand on the question, and other facts which the league workers on the final day of the struggle. The league has perfected one of the most elaborate organizations ever seen in the city, following the advice of Elliot and Arlett, who declared to them that the methods employed by

the saloons themselves should be employed.

URGES POLITICAL METHODS. "Political methods are not dishonorable," declared Arlett, "but have been cast into discredit by the men who have been using them. It's time that Christian men and women did politics to remove the stigma from the name, and that's what we propose to do. The saloons will find the best organization of 'reformers' and the most practical that they ever ran up against."

Mrs. Helen S. Artieda of the league has completed her lists for the watchers at the poll and is issuing instructions for the workers. Each watcher at the polls will be given a clear and concise set of orders and will be warned in every expedient known to the league for fraudulent voting. The workers will keep a close watch on the voting and the counting of the ballots and will challenge any

to vote illegally.

The house-to-house workers are being reinforced daily by additions from the different churches and civic organizations to their ranks and different business men are donating automobiles to the cause. Several substantial financial donations have been made to the league this week to aid in carrying out the fight. D. M. Gandler, of the Anti-Saloon League, who is assisting the league in its work, reports that the Council of the organization are now in good condition, and that while more money is needed, he believes that there is no danger of any debt.

EXPENSES LIGHT.

"Of course," he declared, "our expenses are light because much of our work is done at night. It is not like the saloon fight, where everything has to be paid for, so we don't need a shush fund as our opponents have. We can get along on very little. The Anti-Saloon League is assisting by furnishing aid free."

Persons urging the people to support the council, are being placed out, those being donated by W. C. T. U. and several other forms of literature are being used in the campaign. Several meetings are being planned for Sunday, among them sessions at the Shattuck-avenue church, where W. Phillips will speak; at St. Andrew's church, where E. W. Barrett will speak, and the Fruitvale Congregational church, where Arthur Arlett will be heard. Other speakers are being arranged for to be heard at meetings during the week.

to the edge as though attracted by a magical force.

When the cork is floating on the water if you place your finger near the cork you will find that by moving the finger the cork will follow it as closely as a dog follows his master.

Again, take a wooden ruler or a smooth, flat piece of wood, and bring it near the cork and notice the result. Then move the ruler slowly away, observing how the cork follows it faithfully.

ANOTHER EXPERIMENT.

Still again, wet the end of the ruler or piece of wood and place it flatwise on top of the cork. You can then readily lift the cork out of the water the same as a horseshoe magnet lifts up a small piece of steel or iron.

In this last experiment, the pressure of the air combines with the physical attraction, thus causing the cork to cling to the ruler.

The preceding simple but fascinating experiments serve to exemplify that greatest of all of the wonderful forces of nature is gravitation, the force that binds together the universe. Such experiments as the above will stimulate the youthful mind to further investigation of the phenomena of creation and have an inspiring effect.

HADLEN GIVES BOND TO APPEAR IN COURT

BERKELEY, Jan. 29.—It is reported that the charge of manslaughter against Frederick Hadlen son of Charles Hadlen of West Berkeley, will not be pressed. Hadlen has been released on \$5,000 bond for leaving unsecured for in the street a Japanese, Masuko Takeshi, whom he is alleged to have struck while driving a motor truck. Takeshi died. On the latter charge, Hadlen was placed by Judge Edgar under bonds of \$500, which were furnished, but on the manslaughter charge was released on his own recognizance. So far as were produced in court, there were no witnesses to the alleged crime of manslaughter.

LEAGUE HAS ELECTION.

BERKELEY, Jan. 29.—The Father League of St. Michael's Cathedral Lutheran Church has elected officers for the coming term as follows: President, Charles C. Krueger; vice-president, D. Perry Hacker; secretary, Miss Ella Lovell; corresponding secretary, William B. Schell; treasurer, Harry Guise.

HARWOOD IS SAFE, LATEST REPORT

Former Oakland Man Reported Not Victim of "Fugitive Law."

(Continued From Page 1)

posted it. Inquiries resulted today when word came that the man would have a fair trial at Ensenada.

CONFESS TO SMUGGLING.

The letter received in San Diego from Harwood declared that they had been forced to confess to smuggling to avoid suspicion of being rebels. "We had," read the note, "to avoid increasing the suspicions of the federal authorities who were told by some lying peons that we were rebels."

The Mexican who mailed the letter declared that the guard with the two Americans carried no supplies, and evidently expected to return at once to the town. One of the Americans, the declared, was "a rebel."

FOUR IN JAIL.

The letter from Harwood explained to the San Diego man that he thought he would be held until several other men associated with him and his companion would be taken. Four of these are now in jail at Tia Juana, according to news from that town, also accused of smuggling. The other two are believed to be cornered in an old mine, which troops are guarding.

The Mexican authorities refuse to give any details regarding the capture of the Americans, but intimate that they believe them part of a plot to overthrow the government of Lower California. United States customs and immigration officials declare that the men were probably smugglers despite Harwood's letter, although he might have gone blindly into the affair without knowing details.

GOES TO MEXICO.

Harwood, until about two years ago, was employed as a reporter for the Tribune, later coming to Oakland, where he became a member of THE TRIBUNE editorial staff. Later he left Oakland to enter the employ of the Martinez Standard, where he was until last summer. Several weeks ago he left Oakland for Los Angeles and there met the men with whom he entered Mexico. His parents reside at Sutter City, near Marysville. Harwood is about 24 years of age.

REBELS ATTACKING TORREON.

JUAREZ, Mex., Jan. 30.—Movements of the rebels toward Torreon began on a large scale today. The bulk of their main army had encamped at Escalon, more than half

way southward from Chihuahua, along the Mexican National railroad, and troops were joining them from the states of Durango and Coahuila.

At the same time rebels were reported drawing in from the eastward with a view of attacking Saltillo and thus cutting off the Federal communication from Monterrey.

General Francisco Villa, as military commander-in-chief, directed the disposition of the troops, with the intention of himself joining and personally commanding in the attack on Saltillo will precede that on Torreon and that the general engagement at Torreon will follow only after several days of vigorous skirmishing. Villa, at his headquarters in Juarez, said today he did not expect to go south for several days. Then he will stop several days longer in Chihuahua.

KOHLER TO SAIL.

LONDON, Jan. 30.—Thomas R. Kohler, first secretary of the British legation in Mexico, who was to act as charge d'affaires when Sir Lionel Carden leaves for England, has decided to sail on the Lusitania for New York from Liverpool tomorrow, and from there will proceed to Mexico City.

KILLED OR MURDERED.

BROWNVILLE, Tex., Jan. 30.—Four hundred Federals were killed in the battle of Concepcion del Oro, Zacatecas, or were executed after being captured, according to an official report to Constitutional headquarters in Matamoros. The engagement took place early this week south of Saltillo. The rebels lost seven killed and 70 were wounded.

SHIPS ARE MOVED.

WASHINGTON, Jan. 30.—It was announced today that the battleships GEORGE EASTMAN, ALBATROSS and GEORGE EASTMAN have moved from Vera Cruz to Tampico and the battleships Connecticut and Kansas have moved to Vera Cruz.

PERFECTING PLANS FOR HOME INDUSTRY EXHIBIT

Plans are rapidly being perfected by the Manufacturers' Committee of the Chamber of Commerce for its model home industry exhibit, which will shortly be installed, probably near the Chamber of Commerce building. The exhibit is to be novel in many ways. The entire display of products of the county's factories will be contained in a small model bungalow, resembling one of the smaller homes of Oakland. The kitchen will be furnished with locally made fixtures, stoves and appliances, and will contain different foodstuffs manufactured in east bay factories. Furniture for the little home will be made in local furniture plants. Pictures made and framed by local manufacturers will hang on the wall, the sideboard will contain locally made goods and every appliance and fixture in the little house as well as the material itself, from glassware to locks, will be a local product. The manufacturers in this exhibit plan to show that everything needed for the home is manufactured in the county, thus preaching a silent sermon on home industry. The little cottage has already been designed, the plans being drawn by C. W. Dickie, a local architect. Local workmen will do the work. The exhibit has been under consideration for several months.

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF--25 CENT DANDERINE

Try This; Doubles Beauty of Your Hair and Stops It Falling Out.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this--moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse

the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair--fine and downy at first--but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug-store or toilet counter and just try it.

SON OF EARL WEDS ACTRESS SECRETLY

Angus McDonnell, youngest son of the Earl of Arundel, a distinguished Irish peer, was secretly married in Chicago to Ethelwyn Sylvia Arthur Jones, second daughter of Henry Arthur Jones, the English playwright. She is an actress appearing at a Chicago theater. After a few weeks in Chicago with his bride, McDonnell came on to Ottawa alone to stay with the Duke and Duchess of Connaught.

INDOOR WORK REDUCES STRENGTH

because confining duties, lack of fresh air and sunshine gradually weaken even a strong constitution, and the enfeebled system readily accepts sickness and disease.

Scott's Emulsion checks such decline. Its pure cod liver oil is nature's grandest medicinal food while its hypophosphites act as a building tonic. It refreshes the body, puts vigor in the blood, strengthens the lungs, upbuilds the nerves and invigorates the whole system.

If you work indoors, Scott's Emulsion after meals will prevent much sickness and loss of time, and often thwarts tuberculosis--it builds up and holds on every effort.

Good Bowels Are An Aid to Growth

Growing Children Need a Mild Laxative to Foster Regular Bowel Movement.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health, great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constitute one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a whole some fruit like bananas constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally, according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin.

It is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night, and a prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally, which is an opinion shared by Mr. John Day, of Birmingham, N. Y. He has a fine family and at ages where the growth

and development must be watched. Little Marie has thrived especially well on Dr. Caldwell's Syrup Pepsin. Mr. Day considers it the right laxative for young and old and has found none better for young children. The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid con-

too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, N. Y. Please send with your name and address or it will go

ENGLAND WANTS TO HOLD JOINT EXPOSITION

Mayor Mott received the following communication today from the Earl of Elgin, concerning the proposed Anglo-American exhibition to be held in London next summer.

"In view of the plan of the exposition to show side by side the actual achievements of the United States and United Kingdom a representative display of our industrial enterprise should be made. It is not more so for the commercial advantage there will be in reaching foreign markets. Considering the relation of London to the distribution of merchandise to all parts of the world, the time the place and purpose of the exposition are most favorable to the extension of our foreign trade. We ought to profit from such a legitimate opening to show where our city stands as a factor in American enterprise.

If therefore we local manufacturers to make the most of a very unusual opportunity by exhibiting their goods in London and thus sell the American into the hands of the highest standard of quality and if a shoe is in style we have it in stock.

Where the crowds go the price, style and quality must be right.

BODY OF WOMAN IS FOUND BENEATH BED

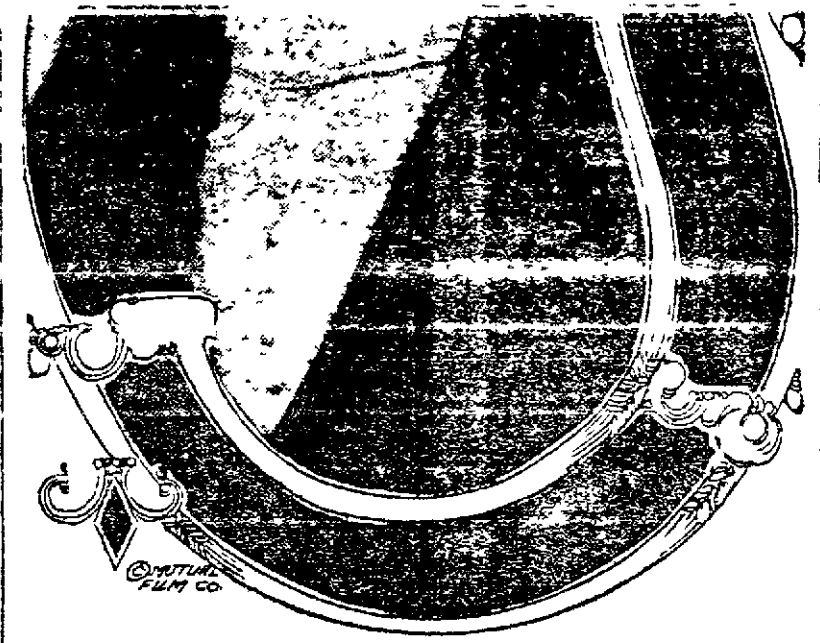

CINCINNATI, Jan. 30.—The body of Mrs. Millie Hurrell was found wedged underneath her bed in her flat last night. There was a jagged wound in her temple and her skull was fractured in two places. Her arms were crossed on her chest and her entire body swathed in towels.

Mrs. Hurrell had not been seen since Tuesday. A search has begun for the woman's husband, Jacob Hurrell.

LONGWORTH SEVERE CRITIC OF BRYAN

CANTON, Ohio, Jan. 30.—Before 400 banqueters last night assembled under the auspices of the McKinley Club, Congressman Nick Longworth said that Bryan in one year had done more to "undignify" the office of president, to "bring it into ridicule, if not contempt," than any Secretary of State who has ever held office.

NEW YORK, Jan. 30.—Mrs. Alexander Moore, better known as Lillian Russell, left last night for Pittsburgh, being called there by the sudden and serious illness of her husband. An operation was performed Tuesday for a growth upon the neck, but it did not prevent Moore himself from telephoning his wife, requesting her presence.

Search is being made for jewelry valued at \$200 and a pair of earrings. A police sergeant, detective, patchman and driver of the car were sent to the house at 110 E. 12th st.

LOS ANGELES, Jan. 30.—Departing that she was adopted from the "cradle of stars" in the New York Foundling Asylum by the late Big Tim Sullivan, New York politician, Miss Aida V. Sullivan today announced she would shortly leave for the East to begin a battle for her share of the estate. Miss Sullivan arrived here yesterday on a theatrical tour of the Coast.

WISE MAN WHO KNOWS OWN WIFE

MEXICO CITY, Jan. 30.—It's a wise man that knows his own wife, as Gen. Pancho Villa would say, if he saw the "Mrs. Villa" portrait in America's "Portraits" magazine, appearing in the issue as "Mrs. Villa," beautiful American girl captured and married by the redoubtable general. He may have captured an American girl—no one can tell but the general—but as for Senora Villa, she's not a beautiful American but very Mexican, and does not look a bit like the American beauty of the American newspapers. She has issued a strenuous denial of the story of the capture and marriage.

Senora Villa has accompanied her husband on some of his campaigns. She is a typical Mexican, a member of the lower classes. They have been married for years.

SOUTHERN WOMEN QUARREL OVER CLUB

CHICAGO, Jan. 30.—Bitter factional controversies in the Southern Woman's club of Chicago ended by charges that some members were not of Southern birth. The matter was settled today at an extraordinary election under the personal supervision of Alderman S. Pollack, master in chancery.

Pollack was appointed by Superior Court Judge Sullivan to reorganize the club. He found that 38 women on the club's roster were not eligible to membership. These women were not informed they no longer belonged to the club until they attempted to vote today.

Mrs. John W. Hatfield was elected president, defeating Mrs. Jeremiah Hallissy by 60 votes.

Mrs. Hallissy accepted her defeat philosophically. "We have won our point," she asserted. "The club has been reorganized and now all Southern women will be permitted in it."

GRANDMA KENNEDY NOW 104 YEARS OLD

HEALDSBURG, Jan. 30.—Grandma Electa Kennedy celebrated her one hundred and fourth birthday yesterday. She enjoyed an automobile ride with Dr. J. R. Salinger around the plaza and handled the wheel of the machine during the journey. Citizens came out to greet her during the ride, and it was a continuous celebration in her honor. A splendid fruit cake made by Grandma Kennedy for her birthday was ornamented with 14 lighted candles.

She is the oldest fraternal woman in the world, being a member of Sotoyoma Chapter, Order of the Eastern Star. Friends from many miles were in attendance at the celebration, and many congratulatory messages were received.

ORDERS WIFE TO PAY HUSBAND ALIMONY

LIMA, O., Jan. 30.—Judge Klimes of Common Pleas Court here caused a sensation yesterday by granting an absolute divorce to George Delmer, a contractor, giving him the custody of his two children and directing that his wife pay him \$3000 alimony.

In his decision the judge took the opportunity to rebuke Mrs. Delmer for being too friendly with E. C. Moses, head of the Twelfth ward of the Democratic Line Company.

Mrs. Delmer, who is wealthy, brought an action for divorce, charging cruelty. Delmer won the case after a trial lasting two weeks, and then brought suit for divorce.

DEFENSE SOURCES IN FUEL CASES

Witness Powers Tries to Operate Coal Bucket; Puts Workmen to Flight.

SAN FRANCISCO, Jan. 20.—Thomas R. Stock, superintendent of the Nantima Mines, a British Columbia, and the chief witness for the defense, was called again this morning in the trial of the Western Fuel officials in the United States District Court. Stock explained in detail the methods of handling coal at the mines. He declared that a great many of the cargoes loaded at the North Field Mine were not weighed. Another witness of the day was R. Parks, a checker for the Pacific Mail Steamship Company, who attested to the reliability of the manner in which coal was weighed on the docks. The defense scored heavily in yesterday's hunt to the Western Fuel Company's bunkers and the Pacific Mail dock, and the attorneys were elated as the result of the day's efforts.

Attorney Stanley Moore accepted a challenge from the government's important witnesses and as a result of the throwing down of the gauntlet, Powers was allowed to operate one of the engines. The defense demonstrated the fact that buckets which were only one-half or three-quarters full would not dump despite the prosecution's declarations that except when the coal was to be weighed, the buckets were sent up almost empty. The jurors were shown how the buckets refused to discharge their contents unless they were filled almost to the brim.

Powers declared that the engineer was responsible and that if he could handle the engine he could make the buckets dump. The first trial resulted in the discharging of the coal on the barge and caused the workmen to rush pell-mell for safety. The second effort was futile, the buckets refusing to discharge unless they were filled almost to the brim.

EARL OF ANTRIM IS WEDDED IN SECRET

OTTAWA, Ont., Jan. 20.—It became known here tonight that Hon. Angus McDonnell, second son of the eleventh Earl of Antrim, who is a guest at Governor Hume's, was married at All Souls' church, Evanston, Ill., on December 12 last, to Miss Ethel Wyn Sylvia Arthur-Jones, second daughter of Henry Arthur-Jones, the English dramatist. The marriage was to have been kept a secret until Mrs. McDonnell had completed her engagement with a theatrical company which is touring the Western states.

Hon. Angus McDonnell, in former years, frequently visited the Earl of Antrim in this city and later his uncle, Earl Grey, former Governor-General. He is a fruit rancher, owning a large farm near Vancouver, B. C., where he resides.

MISSIONARY TELLS OF CANNIBAL TRIBES

SAN FRANCISCO, Jan. 20.—The Rev. and Mrs. H. A. Malley of Los Angeles, Congregational missionaries, who returned yesterday from Papua on the steamship Ventura, brought back an exciting tale of cannibals in the jungles surrounding Papua. Ninety-five per cent of the prisoners incarcerated by the British authorities are charged with murder or cannibalism, according to the missionaries. Papua is part of the island of New Guinea, and less than twenty miles away from the town the district abounds with eaters of human flesh. While the cannibals have extremely catholic tastes, they prefer babies. Less than a year ago they made a raid on the town and the next day twenty infants were missing.

NORDICA'S CONDITION SLIGHTLY IMPROVED

MELBOURNE, Australia, Jan. 20.—A dispatch received here today from Melbourne stated that the condition of Mme. Lillian Nordica is still unsatisfactory, but she is improving slightly. Mme. Nordica recently fell ill with pneumonia following the running ashore in the gulf of Papua of the steamer Tasman, on which she was a passenger.

RAKER IS FIGHTING TO EXCLUDE ASIATICS

WASHINGTON, Jan. 20.—Satisfied for the moment with a promise from Secretary of State Bryan that the latter would personally discuss the Asiatic exclusion question with the House immigration committee, Representative Raker declared yesterday that the fight to get this legislation put through during the session was not over.

"I propose to fight it through to a finish, and then fight some more," he said. "The Democrats in California used this issue in the campaign."

BULLET VICTIM MAY BE EX-SOLDIER D. CARLYLE

SAN FRANCISCO, Jan. 20.—The body of David A. Carlyle, believed to have been a former cavalryman, was found last night with a bullet wound in the head.

A. J. Forbes & Sons, cabinet makers, by whom Carlyle was employed since Tuesday as a substitute watchman. An unidentified man, rushing from the factory, told a passerby that "his friend had shot himself" and disappeared. The police found Carlyle stretched out in the watchman's quarters, his head resting on a pillow and powder marks about his face.

The police believe the shooting was accidental. The coroner, however, says that the position of the wound, with other

features, indicate that the victim was not a novice.

Little is known of Carlyle, whose age was about 25, as he was hired temporarily from among the unemployed. Carlyle was a native of California.

HOT SUN OF PADUCAH BEATS GREASE PAINT

The hot sun of Paducah, Kentucky, beats grease paint. That explains a mystery heretofore unsolved by residents of that town, who wondered why, all of last year, "Dick" Scott, clubman and amateur actor, insisted on walking about the gardens of his home almost nude. A fine coat of tan, resembling in complexion a dusky Arab's, is the result, as seen in "Kismet" in which Scott is now appearing. He had been given the engagement, and didn't like grease paint, so he burned the make-up into himself.

Scott, a native of Paducah, was seen in the Commercial Club, that the tan is wearing off and that he will repeat his escapades in Southern California.

CITY OFFICIAL WINS IN A LEGAL BATTLE

FAIRFIELD, Jan. 20.—Mayor William J. Tormey of the city of Vallejo yesterday gave up his attempt to keep Noah Hathaway from assuming the position of city treasurer of Vallejo, allowing the mandamus proceedings in the Superior Court to go by default. Hathaway left here early yesterday afternoon bound for Vallejo, having in his possession a peremptory writ of mandamus directing Mayor Tormey to prove his (Hathaway's) bond, which will enable the latter to qualify as city treasurer.

When the case was called in the Superior Court neither Mayor Tormey nor Attorney L. G. Harrier, who represented the mayor last Friday,

J. M. Haines, who represented Hathaway, had the latter placed on the stand to identify the bond which he had submitted to Mayor Tormey, and

Mayor Tormey signed Hathaway's bond last evening and Judge Sargent Hathaway will assume his new duties Monday morning.

CHILDREN VISIT LOCAL FACTORIES

Hear Lectures on Industries
by Secretary A. A.
Denison.

A new course in the education of local
children, that of learning to boost Oak-
land has been unofficially started by Sec-
retary A. A. Denison of the chamber of
Commerce, in his numerous factory ex-
cursions, in which the secretary is taking
the little ones through the city's industrial
plants, showing them the roads of
commerce are produced at their own doors,
and thus teaching them the resources of
the city. Not only Oakland classes, but
students from Alameda and Berkeley have
been accompanying Secretary Denison on
these trips, and simple talks on the
county's resources accompany the ex-
cursions.

Several of the classes have already
been held by the secretary, who is giving
the children the exhibits of pro-
cessed fruits and flowers at the chamber
of Commerce, and has taken them through
cotton mills, wire factories, potteries and
other industrial plants. More excursions
are being planned for this term.
"By making boosters of the children we
lay a foundation for a future generation
of boosters," he declares. "They learn to

ST. LUKE'S HOSPITAL FORMALLY DEDICATED

The magnificent new St. Luke's hospital
in San Francisco was formally opened and
dedicated yesterday afternoon, when the
bronze tablet in the main entrance was
unveiled. The institution was the gift
of Mrs. Louis F. Montague, Ogden Mills
and Florence Mills Reed in memory of
the late Dr. O. C. Mills. The dedication
services were presided over by Right Rev.
William Ford Nichols, bishop of the diocese
of California. He was assisted by
Bishop L. C. Sanford of the San Joaquin
diocese, Archbishop John A. Enery,
Rev. D. O. Kelly, Rev. H. Howitt, Rev.
F. A. Church and Rev. W. H. Cambridge.
The day's program was concluded with
a social service rally in the crypt of the
new cathedral, held under the auspices
of the Brotherhood of St. Andrew, the
Daughters of the King and the Social
Service Commission.
The speakers of the evening were Dr.
Thomas Forsyth Hunt and C. Frank
Shelby.

JAMES JOHNSTON SIGNS TO BE "CUB" BY EVERS

CHICAGO, Jan. 30.—James Johnston
of the San Francisco team of the Pacific
Coast League, drafted by the Chicago
National, signed his contract to be a
Cub today. Johnston was sought by the
Feds. He led the Pacific Coast
league in stolen bases last year.

Delicate Operation Is Attempted to Save Prize Horse

Delicate methods in surgery as
frequently practiced upon human
beings were used yesterday to save
the life of May Hamlin, the valu-
able jet black 8-year-old mare be-
longing to Dr. O. D. Hamlin, when
Dr. Archibald and Hozary trou-
phoned the animal's skull in operat-
ing for an interior infection. It
is believed that the operation will
prove successful. The beautiful
horse is one of the best known
prize winners in the state, having
carried off several gold medals
when on exhibit at the state fair,
in high school work. She is fa-
mous for her "cake walk" and
other fancy stepping, unusual in
equine accomplishments.

STRIKE JURY DISCHARGED

HOUGHTON, Mich., Jan. 30.—
Without making a further report the
special Houghton county grand jury,
which has been investigating cases
arising from the strike of the copper
miners was discharged yesterday by
Judge O'Brien of the circuit court.
The jury refused to fix the re-
sponsibility for the murder of three
British non-union miners at Pals-
dale and suggested that further in-
vestigation should be made of the
affair by the sheriff's office. Ar-
guments on the preliminary motions in
the so-called strike cases were ex-
pected to be made late today.

TO OPEN CLUB'S HOME 'ON TIME'

Commercial Headquarters Will
Be Scene of Reception on
Tuesday Evening.

While a specially chartered engine
was speeding to Oroville to bring in
the car of furniture for the new
Commercial Club headquarters on the
seventh floor of the Hotel Oakland,
plans were perfected this morning for
the details of the big opening to take
place next Tuesday night. The news
of the special engine was announced
after a conference between Managing
Director Joseph E. Caine and Walter
B. Townsend of the Western Pacific
railway, who assured the club that
all efforts would be made to have the
furniture in Oakland on time for the
opening.

The affair will be in the nature of
an informal feature. The ivory ballroom
has been engaged for dancing and a
special orchestra will play during the
affair. In the new clubrooms refresh-
ments will be served and wives and
friends of the members shown through
the new quarters.
Details of the different features
were arranged this morning by Caine
and Maitre D'Hotel C. L. Petersen of
the Hotel Oakland and several novel-
ties are promised for the occasion.
The affair will begin at about 8:30
o'clock.

COMMERCIAL CLUB PLANS PHONE-TANGO LESSONS

Tango lessons to the music of a phono-
graph may be the next relaxation for
the business men, according to plans
heard at the Commercial club. When the
new quarters are opened a phonograph
and several specially made tango records
will be the special charge of Assistant
Secretary Gilbert C. Carter, and he de-
clares that no business man of Oakland
need remain tango-ignorant while the
"canned music" is on top. He and sev-
eral other tango adepts, members of the
club, have been asked to give instruc-
tion during the luncheon hour, and the
plan is under advisement.
Farley's famous "Buddy Carus" song,
and several of the other favorites which
he has been heard in at club smokers
will also be heard on the phonograph,
the matter having been taken up with
Thomas E. Edison, whose plant will be
impressed for the recording of the voice
of the club's singer. These records will
be kept in the archives of the club, and
produced only on rare occasions. While
the "musical" have in the past de-
lighted members of the club the phonograph
will bring Farley's voice to the club poster-
ity in future smokers and flunks.

rado caused the painful injury of two
workmen this morning, when it fell and
crushed them to a considerable
distance. That the accident in San Fran-
cisco may be explained in the fact that
a portion of the Grand Canyon is being
shifted to the Exposition grounds. The
Santa Fe building is being constructed
as a replica of the famous gorge, and
Charles Carline of 185 Jasper place, and
P. Spruce of 1222 Broadway street were

hoisting the boulder to place on the ex-
terior, when it fell, smashed the staging
beneath them and dropped them to the
ground. Carline's leg was laid open and
his face and hands bruised, while Santos
received contusions and abrasions of the
body.

EXPLORER TO PREDICT THE FUTURE OF CHINA

UNIVERSITY OF CALIFORNIA, Jan.
30.—What effect is China, with its
400,000,000 people, going to have on the
rest of the world? Since this is one of

the greatest problems of today, the Uni-
versity of California has invited the dis-
tinguished explorer and orientalist, Dr.
Berthold Laufer, to come to the univer-
sity from Chicago, where he is now of the
scientific staff of the great Field Colum-
bian museum, to lecture on March 2, 3
and 4, on China.

This famous anthropologist has spent a
number of years exploring in the interior
of China, Tibet, and among the abori-
ginal tribes of the vast Amur river
basin. He has published many volumes on
Tibetan and Chinese religion, art, litera-
ture and ethnology, and is a member of
numerous anthropological and orientalist
societies.

Do you sleep with

"Oh, I found his place,

HANDS CRIMINAL VALUABLE JEWELS

**Alleged Detective Swindles
Woman, Who Recently
Married Lumber Man.**

PORTLAND, Ore., Jan. 30.—Mrs. Jessie Smith, wife of C. V. Smith, a lumber exporter, living at the Selwyn apartments, yesterday handed over \$1,275 worth of diamonds and jewelry, she reported to the police last night, to an unidentified man, who pretended to her that he was a detective and wanted the jewelry as security for her appearance in court. He told her, she said, that she was under arrest as a witness against a man who had forged her husband's name to a check for \$5,000 and that she must come to court with him.

Mrs. Smith, who came here six months ago from England, where she married Smith, is new to the ways of this country, she explained, and the story seemed logical to her. He

the situation, and after receiving her jewelry remained a half hour longer detailing the ways of criminals and giving her light on criminal doings.

MARE ISLAND FERRY NOW UP TO DANIELS

WASHINGTON, Jan. 30.—Representatives Curry and Nolan have an appointment with Secretary of the Navy, Daniels, to discuss the Mare Island ferry question. They hope for a final adjustment of this dispute within a short time, as the department is not satisfied to have the ferry company's claim and the counter-claim of the co-operative association of the employees create friction at the island and any longer. Men high in the department believe that the government will finally operate a free ferry on its own account.

Begin Hearings on Trust Legislation

WASHINGTON, Jan. 30.—Hearings on proposed trust legislation, embracing President Wilson's recommendations for trust reforms, were inaugurated today by the House committee on interstate and foreign commerce. While the committee had only the interstate trade commission bill before it is printed for Chairman Adamson said information would be sought from the witnesses on general subjects, including the proposed railways securities bill and other phases of the trust question, over which his committee will have jurisdiction. Commissioner Davies of the bureau of corporations, Representative Clayton, chairman of the judiciary committee which will shortly hold hearings on the trust bills coming under its jurisdiction, and Louis D. Brandeis of Boston had requested to be heard today.

Many Honor Deceased Senator, S. M. Cullom

CHICAGO, Jan. 30.—Many Chicagoans, personal and political friends gathered

at the home of the late Senator, S. M. Cullom, to pay tribute to his memory. The body of the late Senator, who died at his home in Washington Wednesday,

Many intimate friends accompanied the body to Springfield where the funeral will be held Sunday afternoon.

UNIVERSITY STUDENT ARRESTED

Nathan Housman, a student in the University of California, was arrested late last night at East Fourteenth street, where he was found with a revolver and a knife. He was charged with carrying concealed weapons and discharging firearms within the city limits. The arrest was made by Captain Thorwald Brown, who heard a shot fired and stopped the automobile in which Housman was riding with a friend. The young man told Police Judge Mortimer Smith that he had been amusing himself with the revolver and had thought that he was outside the city limits. Judgment was suspended.

AMENDMENT BY MAYOR REJECTED

**Proposed Clause Meets Defeat
in Dances Refreshment
Matter.**

The proposed ordinance, introduced by Mayor Mott yesterday to amend the dance ordinance so as to rescind the clause giving discretionary powers to the Chief of Police concerning the sale of liquors at dances, was defeated in the city council today by three votes. Mayor Mott was the only one voting in favor of the proposed ordinance. Commissioner Turner asked to be excused from voting, as he had not made up his mind as to the merits of the situation. Commissioners Anderson, Bacus and Forrest voted no on the ordinance, their votes being a majority in the city council.

Some weeks ago at the instance of the Hotel Oakland, the city council amended the dance ordinance. The original dance ordinance, passed a year ago, prohibited the sale of liquors at dances.

INTRODUCES AMENDMENT.

Realizing that the grant of this power at the instance of the Hotel Oakland, which was passed at the instance of reform elements for the protection of girls and women and the raising of the moral standard, the amendment gave discretionary powers to the Chief of Police to permit the sale of liquors at dances.

Anderson Speaks.

"Why not settle the matter now? I agree with Bacus," said Commissioner Anderson. "Why put it off over till February 15, after the special election? You think that anything will occur in the meantime to make you change your mind?"

HIS ARGUMENT.

"You know there are people who think we have gone far enough in the amendment regulating the liquor business. If we do things now that would make us look unreasonable. It will turn people away from the city. But if there is a possibility of your changing your mind, I would like to delay action till tomorrow."

NO ABUSES REPORTED.

"There may have been no abuses so far. These dances may have been conducted in a right manner. But it opens the door to abuses. Dances is a clean, fine amusement. It should not be necessary to have liquor sold at dances. I do not think that liquor should be sold at any dance where it would not be wise to permit its sale."

THE COMMUNICATION FILED.

The following communication concerning the liquor matter was filed with the council today:

Whereas, We deprecate the granting of special privileges, and

Whereas, We oppose the sale of liquor in dance halls, therefore be it

Resolved, That we protest to the Oakland City Council against the amendment of January 15 to the ordinance, granting discretionary powers to the Chief of Police in permitting to societies and organizations to offer and have for sale in their dance halls and ballrooms, wine, spirituous, malt, alcoholic and other intoxicating liquors, and further be it

Resolved, That we protest against the actions of the Oakland City Council granting the special privilege of selling liquors in the ballroom of the Hotel Oakland in violation of the saloon ordinance recently passed by general consent.

Madam, If your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious complications. A child is much more likely to catch a cold, diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by Ogden Bros. Drug Store.

Women Purchase Lumber, Make Men Build Sidewalk

RICHMOND, Jan. 30.—When the "men folk" of the south bay shore failed to get together and build a sidewalk along Fourteenth street to Potrero avenue, the women of the district, led by Mrs. A. McMaster, Mrs. E. Ford and Mrs. A. F. Lilly, took matters into their own hands. They raised the funds to purchase the lumber and then "bossed the job" while their "hubbies" got busy with saws and hammers and did the work. Now like walking is good in that section.

that it was a bad time to agitate small matters of this kind until the liquor matter has been settled. There is a clear issue, the issue as to whether the present city liquor ordinance is good, or whether there have been other applications excepting from the Hotel Oakland, Chief Petersen?

EAGLES ASK PRIVILEGE.

"There has been only one other application for the privilege of selling liquors at dances, the Fraternal Order of Eagles to have punch at their dance."

Anderson Speaks.

"Well, you see, there's no class legislation or special privilege in that," said Turner. "Now, there have been an abuse of the privilege to make us create a class as to the value of it? You thought, Mr. Mayor, that the placing of discretionary powers in the chief was good when you suggested the first change. But now you are saying that it is an abuse, that it should be rescinded. Has there been any abuse of the privilege since?"

Anderson Speaks.

"No a bit," answered Petersen. "The dance where we have permitted the sale of liquor has been conducted in a perfectly orderly and decent manner. There has been no complaint."

Anderson Speaks.

"You see," interposed Commissioner Bacus. "It's all right. If we keep on charging, it will make us look foolish. It's all right. If we keep on charging, it will make us look foolish. It's all right. If we keep on charging, it will make us look foolish."

Anderson Speaks.

CUBA APPOINTS HAGUE TRIBUNAL ARBITRATORS

HAVANA, Jan. 30.—Dr. Cosme de la Torre, former Secretary of State, has been appointed an arbitrator representing Cuba at the Hague tribunal. He succeeds the late Dr. Fernandez Barrio.

Serato Antonio Sanchez de Bustamante, General de Quesada, Cuban minister at Berlin, and General Manuel Sanguinetti, Inspector general of the army, have been elected arbitrators at the Hague.

At a meeting of the foreign consuls today Lucas A. Cordoba, Argentine consul, was elected arbitrator on account of poor health and in this event the appointment will fall upon the American Consul, J. B. Rodgers.

Colonel Orestes Ferrara, ex-Speaker of the House of Representatives, returned from New York today, said he considered the arrangement for the new Cuban loan advantageous to the country.

Gold Brick Methods Brought Up-to-Date

Entrance on Twelfth Street

When we started in business many people laughed at the idea of our starting a clothing business on the second floor. These men insisted that we must have elaborate window trims, that we must have extravagant fixtures—that we must have prominent locations at high expense, and that all of these things would be taken into consideration by the buying public even more than Value, Service and Personality.

We took the stand that these methods were not right whether they had always had been in vogue or not and since starting less than five years ago we have proven that these gold brick methods of old cannot be successfully brought down to date. We have proven that the public no longer wants to be fooled and enticed into gorgeously outfitted stores by equally elaborate window trims and store exteriors. We have proven that Barnum's rule: "The public likes to be humbugged," is a dishonest, an unfaithful, an untrue and an unsuccessful rule.

WE SAVE ON RENT AND FIXTURES AND GIVE THE SAVING TO OUR CUSTOMERS

THAT is why we have grown from a small cash capital concern less than five years ago to where we are today, doing over a million dollars' worth of business per year.

THAT is why we are today selling more suits than Overcoats at one price than any two stores in the country put together show that they are selling.

THAT is why we have over enthusiastically backing and boosting the Foreman & Clark principles and the Foreman & Clark type of honesty.

THAT is why we are so determined to swerve from the plan we started with or from the foundation we have builded on.

THAT is, incidentally, why having aroused the impatient envy of those that have not enough energy or not enough intelligence to lift themselves out of gold brick ruts.

We Believe In Honestly Advertising Our Reasons For Saving You Money

We save you money because it pays us to save you money. We save you money because through that saving we make you our friends. We save you money because we believe it is our honest and bounden duty to save you money if we can. We save you money because we believe it is dishonest for any man to know how to save the public money and then not do it. We save you money because we believe what you are looking for is value and service and not gilded columns, mahogany show cases, gilded chandeliers and mosaic flooring.

We Don't Cut Prices Because We Don't Think It Honest

We cannot bring ourselves to believe in the apparently popular mercantile habit of selling the same goods to one man at one price and to another man at another price. We cannot bring ourselves to believe that it is all right to sell a Suit or Overcoat at one price on Wednesday and at another price on Thursday. We cannot bring ourselves to believe that we have any right whatever to sell a Suit or Overcoat AT ANY PRICE if that Suit or Overcoat is not honestly worth the price we first offered it for. If we had any such goods we would deem it our bounden duty to sell them to some junk dealer or peddler.

SEATTLE LEADERS WANT NEW LAWS

Unions in State of Washington Propose Many Changes Through Delegates.

OLYMPIA, Wash., Jan. 30.—Seven proposed initiative measures for submission to the voters at the general election next November, provided sufficient signatures to the petitions are obtained, were filed with Secretary of State I. M. Howell yesterday by Miss Lucy Case of Seattle and C. B. Kogler, master of the state grange. The measures, which are favored by labor organizations and the state grange, would abolish the state tax commission, the bureau of inspection and employment agencies, add a first aid clause to the workmen's compensation act, establish a new fish code, regulate corporations by means of a "blue sky" law, and change the method of raising and expending money on highways.

The duties of the tax commission would be transferred to the public service commission and the work of the bureau of inspection would be transferred to the state auditor. The employment agency bill prohibits the soliciting of acceptance of fees from men for whom employment is secured. The anti-pork barrel highway bill provides for a perpetual half mill tax for the road fund, which can be distributed by the highway commission instead of by the legislature, and appropriates \$2,000,000 to put the bill into practical effect. The bill also provides that all able-bodied convicts, except the life-termers, shall be employed on highways without going to the penitentiary. The bill also would abolish the state mill at the state prison. The first aid amendment to the industrial insurance act provides that the employer of an injured man shall furnish up to \$100 for medical expenses. Any necessary amount above \$100 would be taken from the accident fund.

STUTZ CARS ENTER FOR COMING RACES

Earl Cooper and Anderson on Team That Looks Like Winner.

(By EDMUND CRINNION.) One of the most important pieces of news in connection with automobile racing is the announcement received this morning by A. B. Cochrane, the local Stutz car distributor from Harry Stutz, builder of the Stutz cars to the effect that two Stutz cars will enter the coming races to be held in Santa Monica next month. At the wheel of his famous mount, Earl Cooper, who is recognized as the champion road race driver of 1913 will be one of the entrants while Gil Anderson in his Stutz No. 3 will complete the team. The car that Cooper will drive is the same speed machine that won him his 1913 honors with the one Anderson will pilot is the Stutz car that gave such a remarkable performance in the last 500 mile Indianapolis Speed event.

The entry recorded for these classic events is, of course, substantial proof that the Stutz is to continue its brilliant career as a successful racing machine. Commenting on these entries, Stutz says: "We do not want to seem conceited or vainglorious because the Stutz has been officially proclaimed champion of the 1913 racing season, but we have entered our cars in these races in the sincere belief that our product has the merit to repeat in 1914 what they have so well accomplished in 1913. "We enter into the new year in the most optimistic spirit and I venture to say that before another twelve months have rolled around we will have added materially to the reputation of the Stutz for speed and utmost reliability. "In all the reviews of the 1913 racing season, the Stutz has been mentioned as the car on which the most successful races were won. The fact that the Stutz cars are of medium size and are not overpowered or specially constructed for racing conditions is a fact that is a source of pride to us. "I maintain that neither the car, the company behind the car or the automobile having public is benefited from racing when the car is not a Stutz. The Stutz car is constructed materially different than the regular stock model. "The Stutz car has been built against considerable odds for racing but because our cars are faster but for the reason that they are consistent in their performance. "Although the facts are not immediately at hand, I am of the belief and I have always been in the pit and at the races that the Stutz has been taken out by the Stutz in making time or in making mechanical adjustments than by any other car. It is a fact largely due to the success of the Stutz. "To me the interesting part of a race is not the car that wins or the speed which is made, but rather the performance of the car throughout the race. That is the case with which it runs or the lack of evenness in mechanical trouble. "Racing has done a great deal for us in a publicity way. It has made the Stutz car known throughout the world, but greater than all these benefits has been the mechanical knowledge which we have gained through many a grueling race which has enabled us to build cars that would give the same uniform satisfaction and reliability of service in the hands of individual owners. "ROADS IMPASSABLE. The following bulletin of road conditions throughout the State has been issued by the touring bureau of the California State Automobile association. Coast Road—Best road to San Jose from San Francisco at present time is by way of Redwood and the road down Peninsula is very muddy near via field from San Jose to Gilroy there is a detour of three miles near Morgan Hill bridge over Watsonville river. The detour out off has been washed out, rendering road impassable. bridge is down at Morgan Hill. Road from San Jose via Indian Valley preferable at this time. The Salinas river is running very high and cannot be forded. Valley Road—Road through Dublin Canyon preferable though very muddy for about three miles, also muddy near Modesto, between Atwater and Merced. Worst impassable for about three miles as adobe is over 14 inches deep most of the way. Road from Merced crossing the Chowchilla river at Merced went out leaving the road impassable. BURKE IS HERE. W. D. Burke, manager of the whole-sale department of Belting-Speers Motor company is in San Francisco. Burke has spent the last two or three months in the southern part of the State and reports that the automobile industry has enjoyed a splendid winter trade and the outlook for the coming season is the best since the war.

NAMED 'SCHOOL CUSTODIANS' NOW

Erstwhile "Janitor" Passes Into Ranks of High-Browed Cognomenature.

Who would not be a janitor? The janitor? That's what Oakland's school janitors are no longer janitors. Knights of the broom are henceforth to be known as "school custodians." That the old name of education may be in company with other high-browed bits of verbiage, rather than anything so plebeian as a word that suggests the dust pan. It is the quiet but is achieved by education—but there are janitors and janitors and the school janitors feel that the name hurt their dignity. It appeared last night after the meeting of the board of education. Superintendent of Schools A. C. Barker announced that henceforth the word "janitor" shall be dropped for "school custodian." Barker also announced that the custodians should be appointed special policemen. C. L. Taylor, building superintendent, declared that this plan would better allow the custodians to protect school property from vandals. Brass buttons and uniforms are also being considered. More than 5000 per pupils are being enrolled this week in the Oakland schools, according to reports received last night.

and every one of the 45 schools is overcrowded. The increase was reported in connection with the statement that the new schools being erected will be filled at once, with the overflow students. The unexpected increase has forced the board to add temporary classrooms to the Cannell, Claremont, Clatsop, Cleveland, Emerson, Grant, Lathrop, McKinney and several other schools. The new Jefferson school is to be filled at once, and during the term the new Emerson and Longfellow schools will also be opened. Routine approval of claims occupied the principal part of last night's board session.

TO ARRANGE PARTY FOR ROTARY CLUB

Committees have been appointed to arrange details for the coming theater party of the Rotary Club to be held in the near future. T. B. Bridges is head of the arrangements committee which is to take charge of the event. This committee is to be assisted by the following: Fred McGraw, Arthur Briggs, John Hemmingsway and Clarence Englich. A committee has also been appointed to arrange for excursions of the club this year. This committee to consist of Louis Gear, Louis Aker, George Randolph and C. McCarron. An educational committee has been appointed to consist of J. E. Henderson, E. L. Ormsby, Frank Wright and W. T. Smith. Rev. William C. Poole, pastor of the Wesley A. M. Church and former president of the club, spoke yesterday at the club luncheon on "The Logic of Rotarianism."

POLICE CHANGES.

SAN FRANCISCO, Jan. 30.—Three minor police changes were made by Chief White today as follows: Lieutenant Clarence Coogan was transferred from the North End station to the Central station. Sergeant Michael Shanahan was ordered from the Central to the Park. Corporal J. O. Farrell from the Park to the Central.

PEACE DOVE IS IN AN'INTOSH HOME

Wealthy Oil Man and Wife,
Who Divorced Him, Are
Rewedded.

Verifying the opinion expressed by Superior Judge W. H. Donahue at the time he granted the wife an interlocutory decree of divorce on December 15, Benjamin Walter McIntosh, wealthy manufacturers' agent and oil man, patched up his differences with his wife, Ivy Myrtle McIntosh, and the couple, accompanied by their two little girls, took out a license to be rewedded yesterday afternoon at the office of the county clerk.

"I believe the defendant is a good man, that his heart is right, but that he has merely got in bad at home," said Judge Donahue in handing out the divorce. Several days later McIntosh appeared in court and voluntarily offered to give his wife more

which had been practically all that her husband possessed.

"I think the court make better use of it in paying off some debts," said McIntosh. "I want her to have the home." Several days ago, in conformity with the terms of his wife's divorce, the husband decided to her their elegant home in Lenox avenue.

According to interpretation of the law, the couple were still man and wife, as a final decree could not be entered until a divorce was granted. However, McIntosh explained that he desired another ceremony in order to have things certain.

REUNITED BY DAUGHTER.

"This is the little angel who brought us together again and showed us the mistake we had made," said the father, petting his oldest daughter, Thelma, while taking out the marriage license.

The couple were first married at Vancouver, B. C., in December, 1901. They have two daughters, Thelma, 10 years of age, and Augusta, 8 years old.

Mrs. McIntosh filed a suit for divorce, which was dismissed upon the pleading of her husband. A second action brought by her was pending in the court for nearly eight months when it came to a sensational trial last December. McIntosh fought the case, declaring that he did not desire a divorce, but loved his wife and their children. Mrs. McIntosh alleged that her husband had paid attention to other women. This he did not deny, explaining that Mrs. McIntosh did not seek pleasures outside of their home.

INVESTIGATING WOMAN'S DEATH

BRIDGEPORT, Conn., Jan. 20.—Coroner John J. Phelan, who is conducting an investigation into the death of Mrs. Hannah H. Cross, widow of a wealthy New York Jeweler, said last night that his inquiry has so far shown that she died from natural causes. Reports that there were suspicious circumstances in connection with the death caused the investigation.

**A-K Tablets For
Various Forms
Of Headache**

"It is necessary in order to treat headache properly to understand the causes which produce the affection," says Dr. J. W. Ray of Brooklyn, Ala. Continuing, he says: "A headache cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also know how to relieve the pain until the cause of the headache has been removed. A-K Tablets for various forms of headache will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and relief in the most severe cases of headache, and particularly the headache of women."

When we have a patient subject to regular attacks of headache, we should caution him to keep his bowels regular, for which nothing is better than "A-K Tablets," and when he feels the least sign of an oncoming attack, he should take a few A-K Tablets. Such patients should always be furnished with a box of A-K Tablets, so as to have them ready for instant use.

POWER SCHOONER STRANDS ON REEF

Masterful Seamanship Alone
Saves Crew of "Red
Wing."

SAN DIEGO, Jan. 20.—Swept on a rocky reef off Todos bay during the fierce gale of Sunday night last and only saved from a watery grave by a masterful display of seamanship was the thrilling experience of Captain W. H. McCord of San Diego, owner of several large plantations in Mexico, and four men on McCord's power schooner Red Wing. At a time it was believed that the men had been drowned, but a brief message received late last night from Ensenada by Mr. McCord brought news of the safe arrival of the Red Wing at that port.

DRIFTED TOWARD REEFS.

SAN DIEGO, Jan. 20.—"About dusk, when the Elliott was lying at anchor on the weather side of Todos Santos Sunday afternoon," said Captain Anderson, "a fearful gale came up. I hoisted anchor and called to the Red Wing to follow us, but she must have had engine trouble, for when the anchor was raised she was drifting toward the reefs. I believe the vessel was swept on the rocks and foundered a few moments after she passed from our sight."

**CLARK REGRETS LOSS:
WILSON IS PRAISED**

BALTIMORE, Jan. 20.—"I have never been sufficiently hypocritical to pretend that I don't like praise—praise for deeds well done. If what the toastmaster said about me is true I ought to be in the White House tonight," Speaker Champ Clark asserted at the annual dinner of the Merchants and Manufacturers' Association. "If we had had that primary election law in 1912, I would be there," he added.

In referring to the vitality of the Monarch, Clark said: "The Monarch is a warning to the nations of Europe to keep hands off the republics south of us lest they die. He predicted that Mexico would come out of its present troubles a stronger nation."

"It is a first-rate time for all of us to keep our mouths shut," the Speaker said, and Wilson is better informed than we are and I am willing to abide by his decision."

**LOS ANGELES HEIRESS
GETS ILLINOIS WEALTH**

LOS ANGELES, Jan. 20.—Mrs. Estelle Deffenbaugh of the Bryson Apartments yesterday received word of the final settlement of the famous Deffenbaugh estate in Illinois, of which she is one of the principal heirs. Mrs. Deffenbaugh, who has been prominent in club and social circles in Spokane, Wash., for years, will go East at once to look after her interests. For the last three years a court battle has been fought over the estate in the Illinois courts. According to the records, \$7,000,000 in cash and rich farming lands in Central Illinois will come to Mrs. Deffenbaugh and her son, Elroy E. Deffenbaugh, a Los Angeles business man.

WILL EXTEND TRADE.

Planning a campaign to open up a market for American goods with the opening of the Panama Canal, Willis Booth, former president of the Chamber of Commerce of Los Angeles, left Berkeley for a trip to the tropics. He will visit the big cities of South America and make a report on trade conditions and markets for use of American producers.

REPORT TWO MISSING TO OAKLAND POLICE

The disappearance of two men was reported to the police today. Search is being made by the police of the bay region and by the relatives of the missing men for them.

The disappearance of Theodore Brunk, 2223 Myrtle street, from his home was reported to the police today by friends. Brunk was a barber, employed at a local Broadway shop. He was 37 years of age, 5 feet 8 inches in height, weighed 150 pounds and was of medium complexion, with brown hair and eyes.

The Oakland police were asked by the Alameda authorities to assist in the search for C. H. Coffin, 1243 Park street, Alameda, who has been missing for several days. Coffin was 56 years of age. He disappeared mysteriously several days ago.

WORST NEGRO HOLD-UP IN FIERCE ENCOUNTER

In a fight with a negro who attempted to hold him up and rob him at Center and Seventh streets last night, C. E. Pratt, 1377 Eighth street, won his antagonist with his fists and not him to fight.

The matter was reported to the police and search made of the neighborhood. The culprit was not captured.

A fugitive entered the flag station of the railroad at Seventh and Cedar streets and demanded money from Jesse Matto, who lives at 1618 Third street. He was driven away and obtained nothing of value.

ARREST PICKPOCKETS AT KEY ROUTE PIER

Bennie Fields, Frank McFarland and Dan Daly, were arrested last night by Inspectors James Drew and Charles F. McCarthy while the three men were attempting to pick pockets at the Key Route pier.

All three have police records. They were allowed to "get out of town" before, but they only got as far as the Key Route pier.

OKLAHOMA FRONTIER FIGHTER PASSES AWAY

WESTCHESTER, Pa., Jan. 20.—Captain Emerson Griffith, U. S. A., retired, died at his home here last night. He was a native of Pennsylvania and a graduate of the West Point Military Academy.

PASSED BAD CHECKS. CHARGE.

Elmer G. Cram, a real estate man, was arrested last night by Inspectors Flynn and Kyle at Tenth and Washington streets on a charge of passing a bad check for \$25.00 on Keller & Fitzgerald, tailors, of Tenth and Broadway.

ROBBED ON ARRIVAL.

SAN FRANCISCO, Jan. 20.—Five minutes after arriving here from Fresno last night, and within sight of his hotel, a man was robbed of \$25.00.

A nephew of 21, C. Smith of 2538 Sacramento street, was held up and robbed of \$25.25. Smith, a stranger in the city, was about to ask the best way of reaching his uncle's home

when a foreigner approached, offered to show him and succeeded in enticing him a short distance along the dark waterfront. While he was walking two men sprang from behind,

catching Smith on the shoulders and bearing him to the ground. They then went through his pockets, and ran in the direction of the Washington-street wharf.

The Last of a Notable Group.

Shelby M. Cullom was the last survivor of the group of Kentuckians who emigrated to Illinois in their youth and became prominent in the anti-slavery ranks. Some of them were Democrats and some Whigs, but all were Free Soilers. All finally became Republicans. Lincoln was in alliance with this group, but not of it. He was born in Kentucky, but passed his boyhood in Indiana and was a different type from the men from his native State with whom he became associated politically and who in time became his strongest supporters.

Joshua Speed, Richard Yates, Richard J. Oglesby, John M. Palmer and Shelby M. Cullom were the most conspicuous figures in the group. Yates, Oglesby, Palmer and Cullom became Governor of the State. Oglesby, Palmer and Cullom went to the Senate. Oglesby and Palmer were generals in the Union Army during the war between the States. Oglesby left the field to take the Governor's chair. Dick Yates was Governor of Illinois at the outbreak of the Civil War, and gave Grant the colonel's commission that started him on his military career which ended with glory under the apple tree at Appomattox. Joshua Speed became the early friend and patron of Lincoln and later his biographer.

Cullom held office continuously for fifty years, beginning as District Attorney of Sangamon county. He was for six years a member of the House of Representatives, twice elected Governor and for thirty years a Senator of the United States. His life linked the historic past with the present. He had seen all the friends of his youth and the associates in the political contentions growing out of the slavery question pass away, and has just passed away himself, leaving a record of public service remarkable alike for its length, for its probity and for native sagacity. It embraced the entire history of the Republican party, and epitomizes the character, aspirations and aims of the men who organized the Republican party and inaugurated a new era in American politics with the election of Abraham Lincoln.

One Law for All.

Mayor Mott is eminently right in saying that no class distinctions should be recognized in regulating the liquor business. The law should apply to all alike, and no privileges should be extended to any preferred class.

As the mayor says, no distinction should be made between a dance in the Hotel Oakland and a dance in Germania Hall—between champagne and steam beer. However innocent of wrong intent, fashionable people should not set an example which cannot fail to have a bad influence on the public mind. Regulation cannot be permitted to go by favor. There cannot be two laws—one for the rich and another for the poor—and all should be required to obey the same law.

Therefore the Council should repeal at once the unwise and unfair discrimination permitted at present. Discrimination does not harmonize with democratic institutions, and smacks of insincerity in the present instance. Moreover, it is wrong in principle. Mayor Mott's amendment should be promptly and unanimously passed.

Swamping for the Saloon in Visalia.

The Visalia Press is taking considerable interest in Oakland's fight for proper regulation of the retail liquor traffic. Just why it should manifest such deep concern in the domestic affairs of another community is not revealed, but its comments indicate sympathy with the liquor interests. Visalia is a dry town, and the Times and Delta, both old established newspapers, are committed to no license. The Press was recently started, and has shown an inclination from the beginning to take the whisky side of the license controversy. It is understood that the liquor man will make an effort to put Visalia again in the wet column. That may account for the interest the Visalia Press is taking in the Oakland election. It is not strange therefore that the Press should view the contest here from the standpoint of the Oakland Enquirer. That is the saloon view. Professing to favor the abolition of all saloons, the Enquirer opposes reducing the number of saloons to two hundred on the ground that it will throw a number of bartenders out of employment. That is the kind of a temperance reformer the Visalia Press apparently is. Unless we are mistaken, the Visalia Press is tarred with the same brush as the Oakland Enquirer, and is letting the liquor interests talk through its till. What it says smells loudly of the whisky sack.

John M. Eshelman's record speaks for itself. Fortunately for him it is unassailable, or the endorsement Francis J. Heney has given it would injure him in the estimation of a great many conscientious men. In blatantly commending Mr. Eshelman Heney is trying to make capital for himself.

School-Teachers as Law-Breakers.

A subscriber, who is also a school trustee, calls THE TRIBUNE's attention to the fact that all over California school principals are violating the school law with the knowledge and approval of boards of education. They do this with impunity because there is no penalty for violating the law. Because violating the law is not made a punishable offense, principals, teachers and school trustees defy the statute relating to home study.

Section 1665 of the school law provides "that no more than twenty recitations per week shall be required of pupils in the secondary schools, and NO PUPIL UNDER THE AGE OF FIFTEEN YEARS IN ANY ELEMENTARY SCHOOL SHALL BE REQUIRED TO DO ANY HOME STUDY."

This provision of the school law is deliberately violated in all the schools of Oakland. If a child declines to obey an unlawful order it is punished for being refractory. It is denied the instruction it should receive and is marked disobedient and deficient in the report cards.

In other words, teachers and school trustees are in combination to defeat the purpose of a salutary statute. Tyranny and injustice are employed as instruments to compel pupils to do something the law says they shall not be required to do. The teachers are lightening their labors by putting unlawful tasks on their pupils and forcing parents to give their children the instruction they are defiantly and openly disobeying the law?

TRAILERS

20 YEARS AGO TODAY

James P. Taylor and the Oakland Bank of Savings have demurred on statutory grounds to a bill introduced in the State of California. This is an action brought to recover possession of the entire waterfront.

Admiral Benham, who has distinguished himself by bringing the Brazilian insurgents to time, was until about two years ago a resident of this city. He was at that time commandant at the navy yard at Mare Island. He is a cousin of A. M. Benham of the firm of Benham & Thomas of this city, who is justly proud of his relative's pluck and business-like qualities.

It is alleged that a Berkeley man wore tan shoes and a make-up like with full dress at an evening reception. The evening charge lacks proof.

The engagement of James A. Sheeran and Mrs. Max Wilson, both of Alameda, is announced.

Abraham Jonas of this city has been elected first grand vice-president of District Grand Lodge No. 4, Order of B'nai B'rith.

John Hennings of the well known grocery firm of Hennings Bros. has just returned after an absence of six months from a trip to Europe, having visited the World's Fair at Chicago and all the principal cities of the United States.

The Oakland Navy is a very unique organization. It was organized about a year ago to hold quarterly races. It has no clubhouse, and in many senses of the word it cannot be called a club, but its members manage to extract a great deal of pleasure from their membership. No style of craft is barred. Captain Von Schmidt and a very original boat of his own invention have been the Oakland champions of the Oakland Navy for the past year.

Superintendent McClernonds of the city school's received information this morning that a case has been decided by the Superior Court in which it was held that certificates are legal.

CANAL AND MANUFACTURERS

EDITOR TRIBUNE: The expected torrent of immigration via the canal will emphasize the need of manufacturing in California. This immigration will congest in cities here, as it does on the Atlantic seaboard. There, however, it is absorbed in the manufacturing industries. Here there are none to absorb it, and it will become a vexatious increment.

The canal will increase the difficulty. On my last trip east certain matters brought me in contact with eastern manufacturers, representing the country from the Atlantic seaboard west to the Mississippi river. They were looking forward to the completion of the canal to furnish them cheap freights for their surplus to this coast. The reports we get now of eastern manufacturing activity, show that preparations are in progress for this expected trade.

A considerable part of the fight on railroads here, has been due to the rivalry between our local manufacturers and the wholesalers and jobbers, who wanted low west-bound freights, while the manufacturers wanted the protection of high freights.

When the canal is used and the manufacturers lose. This implies a situation that appeals strongly to the enterprise and endurance of our people. Their attention should be turned to the development of manufacturers that will use our local raw material. When these are developed they will carry up

with them such industries as properly impinge upon them. Our vineyard and wine industry, already in position, is the leader in such use of the raw material we produce and should be stimulated to expansion by the canal. We have an enormous orchard and field waste of raw material. Our reduction to articles of commercial value. Of our large potato crop there is a waste of 20 per cent, which is capable of profitable conversion into a superior glucose. We can make California the world's source of supply of fruit juices and jams, instead of shipping our fruits to Scotland for such conversion. If oil can be used as a smelting fuel our rich iron deposits may well be the basis of a metal industry which can flourish in the face of cheap canal freight.

Let me make up our minds that the present effect of the canal is to paralyze our manufacturers, and ingeniously seek ways and means to recoup the loss.

Hotel Oakland Event Proves Magnet for Young and Old

EXHIBENTS of the Argentine tango, the Maurice walk and the Crane tango vied with each other last night in the effort to make their dance the most attractive seen on the floor of the hotel ballroom at the Hotel Oakland, where the Thursday evening dansants held the attention of society for several hours.

That the exclusive set on this side of the bay includes past masters in the art of dancing, was shown throughout the evening, and nothing seemed too new or too difficult for at least an attempt, usually successful, on the part of the merry-makers.

Another interesting dance, and one seen here for the first time, occupied the attention of a minority portion of the assembly. This was the Tanguito, introduced here only during the past week. It promises to be the greatest attraction of the season.

Steps included in the list of the newest dances. Here and there throughout the evening couples were to be seen practicing. The couple most proficient in this step at the Mardi Gras ball to be given February 24 at the Palace Hotel in San Francisco will receive one of the very handsome prizes offered at that yearly event, and as the guest list on that occasion will largely be made up from Oakland, Berkeley and Alameda, the younger set—and the older grown-ups as well—are taking every opportunity to learn its difficult measure.

BALLROOM TAXED.

The capacity of the spacious ballroom was taxed last night to its limit, and an even larger attendance was noted than on any of the previous dansants of this very interesting series. And as before the onlookers were well in the minority, almost every member of the exclusive throng being anxious to be among the dancers rather than the watchers.

Attractive Home Dinner

One of the attractive dinners preceding the dansant was given by Mr. and Mrs. Edward A. Howard at their home in Kempton avenue. At the dansant the same group of friends enjoyed supper with them. Mr. and Mrs. James K. Moffitt and Mr. and Mrs. Herbert Hamilton Brown were their guests.

Mr. and Mrs. Willard Williamson were hosts at a supper party, which included Mr. and Mrs. William Knowles, Mrs. L. R. Webster, Mrs. Ruth Wagner, Charles Strong and William Armes.

Mr. and Mrs. George W. Rodolph presided at another table which seated Mr. and Mrs. Frederick P. Cutting and Mrs. Norman Fox. Miss Marian Rodolph, Miss Pearl Cavett, Miss Selma Wetmore, Miss Helen Dabney, Miss Phyllis Lovell, Thomas Hogan, Philip Wiggin, William Fillmore, Cecil Poser and Griffith Henshaw.

The guests began to arrive even earlier than usual last evening, and by 9 o'clock dozens of parties had assembled ready to take their places on the floor. The fact that the dansant is virtually over shortly after midnight also adds to its popularity, especially where the masculine portion of the guests is concerned, and consequently men and women alike are eager for the fun to begin.

MANY DINNER PARTIES.

Dinner parties, more or less formal, were held in many of the homes of Oakland, Piedmont and Berkeley, the guests motoring down afterwards to the hotel. Supper later was enjoyed by the same groups with the addition of two, three or a dozen guests as suited the mood of the moment. Other dinner hosts held their affairs at the hotel itself.

Miss Florence Sloper entertained at one of the largest of the dinners, ten being seated at her table. They were Miss Dorothy Doster, Miss Nell Hadley, Miss Janet Wintship of Napa, Miss Adele Scott, George F. Shauer, J. Gordon Nichols, Elmer Stone, Jack Fillmore and

H. Dalton Harrison also had a group of friends in company to his place. Miss Pauline Painter, one of the debutantes of the winter. Mr. Harrison's guests included Mr. and Mrs. Harry Smith, Mr. and Mrs. Ernest Stone, Miss

At the table presided over by Mr. and Mrs. Clifford Hunt were seated Mr. and Mrs. A. L. Anderson, Mrs. Lawrence Horton, Dr. M. M. Shos and Beverly Theobald.

Seismograph Records Severe Earthquake

WASHINGTON, Jan. 30.—A pronounced earthquake was recorded on the seismographic instruments of Georgetown University last night. The disturbance began at 10:55 and continued until 11:44 o'clock. The observed seismicity was of the type which was about 2000 miles distant in a northwesterly direction.

As at the previous dance, the gowns were notable for their richness and beauty. Among those whose costumes excited most admiration were:

MRS. LOUISE ALLEN—Blue satin, elaborated with gold lace and touches of lavender. She wore diamonds.

MRS. BARBARA BROWN—Rose-colored chiffon, with a touch of chiffon embroidered in jewels.

MRS. GLEN C. BARNARD—Blue chiffon, with an overdraped of blue chiffon. She wore diamonds.

MRS. FRANK H. BUCK, JR.—Apricot-colored tulle, elaborated with silver lace. She wore a handsome pearl ornament in her hair.

MRS. CHARLES D. BATES, JR.—White chiffon, elaborated with rhinestone embroidery. She wore diamonds.

It was the first time that society en masse had an opportunity of greeting the bride, who, until last week, was Miss Josephine Lacy of Los Angeles. WIVES LIVE LIES, IS STATEMENT OF WOMAN

WASHINGTON, Jan. 30.—"How many girls are there who get married without giving the matter as serious attention as it deserves? Or, having made a mistake in the selection of a mate, just as they might make a mistake in selecting a dog, live a life afterward—live with a man whom they detest because they have come to know his weakness or baseness? I know many such among my own particular friends."

That statement was made tonight by Mrs. Sam Williams, wife of a New York horseman. She is suing for a divorce. "A girl can know a dog or a horse," she added, "and win its love, but she can never be sure that she has really won a man. I speak from two personal experiences. Few girls who marry find their husbands after marriage the same as they were before."

"I believe it should be possible for a woman to obtain a divorce without undue publicity and legal fuss, but I believe also that it ought to be made harder for girls to marry."

WHY BE Downhearted?

(BY DORIS BLAKE.)

WHY be downhearted? Well, perhaps you just cannot help giving way now and then to a "touch of the blues." By why remain downhearted? Why not immediately apply a bit of mental "pinkie" to "downheartedness?" There are many of these mental pinkies on the market, you know, (Downheartedness being a mental ailment, of course a mental remedy must be applied.) Of these sunshines carries the best, positive, ante.

This "downhearted" ailment usually is the result of not getting anything for which we have been crying.

Everyone is sometimes crossed in love affairs, in home life and in business. Yet the sun always shines again. We gradually assume the old-time interest in life, and again enjoy the ordinary day. And strangely enough, we discover in the end that we can get along beautifully without the particular thing we have been crying for.

The one who is downhearted should turn over in his mind the various things he has wanted and ask himself if he is not glad that he did not get them.

The things that seem most wrong are so often the best things possible for us;—a few privations to endure. Overcoming these obstacles and for a time enjoying privations means the finest training in the world. It means a broader vision and a more sympathetic view of life.

"Impatience is the root of downheartedness" is a quotation with a great deal of truth.

The girl or boy, man or woman, who knows how to hold back trivial annoyances, who knows how to talk nicely to people whose manners are cordial or convincing is the one who is going to be successful in the end.

WHAT SHALL SHE SAY?

"Dear Miss Blake: What should I say when a person says 'Glad to meet you?'"

Merely say "Thank you, you are a man or 'I too, am happy to have had this opportunity of meeting you." If it is a woman whom you meet.

HE SEEMS SO STRANGE.

"Dear Miss Blake: I have been reading your valuable advice to so many girls, and you have also come to me. I have been keeping company with a young man two years. He is two years older than I. He is at the present time married. Here is a situation which I am sure, as he seems so strange. Everything I say is wrong. He joined a club and said anything to me about it until I found out from other people. He then smiled and said, 'Why, I thought so little of it.' I am sure he is a brute. He has been very kind to me, but I don't like him. I don't like his mother, and he said, 'After keeping company so long, isn't he wrong? I don't feel toward him like I used to.' I think of a night when he says he showed me to show me how true his love is. A young lady in this office with him said, 'I don't like him. (Don't you think he's a brute?)' He brought home and gave it to me and said, 'I am sure he is a brute. He has been very kind to me, but I don't like him. SCORING RULE CHANGES WILL PROBABLY BE ADOPTED

Joint Committee Expected to
Approve Baseball Writers'
Decisions.

Several minor changes in the baseball rules as relating to the scorers' duties likely will be sanctioned by the joint committee on playing rules of the major leagues within the near future.

The amendments will follow as a result of the mail vote taken a few days ago by the Baseball Writers' Association of America. This association, at the time it voted for the changes, sounded the death knell of the "Cincinnati baseball" which had been the basis of a base hit for the better in case where the play was made for some other

B. B. FAN FAILED TO STUMP P. O.

A Chicago baseball fan, G. Irwin by name, thought he would "stump" the postoffice department. He scribbled a note, placed the note inside a long envelope, and pasted a big, black figure "4" four inches long, cut from an evening paper, on the envelope. After affixing a 2-cent stamp, Irwin dropped the letter into a mail box.

An hour later the long envelope, with the big black "4" as its only address, fell under the eye of a postal clerk sorting mail.

"That's easy," grinned the clerk. "Nothing to it; the letter is for Christy Mathewson, the 'Big Six' Get me! He's bound to write on the envelope. 'Try Los Angeles, Cal.'"

Straight to Los Angeles the letter went. Mathewson received it Monday morning. The note inside was to this effect:

"Matty: If you get this, please let me know."

OLD FORESTER FIRST IN ALL-AGE TEST

BAKERSFIELD, Jan. 30.—The All-Age and the Members stakes have been concluded, ending the 30th annual meet of the Pacific Coast Field Trials Club, which was held at the Stockdale Hotel, Bakersfield, Jan. 29 and 30.

The rules which the Writers' Association would change follow, with the proposed changes printed in parentheses:

THE SCORING OF BASE HITS.
Rule 35, Sec. 4: A base hit shall be scored in the following cases: When the batter hits the ball into fair territory between the foul lines and out of reach of the fielders (provided the batter reaches first safely).

BENNIE ALLEN TAKES MATURO'S MEASURE

SEATTLE, Wash., Jan. 30.—Bennie Allen, of Kansas City, title holder, played a much better game last night than James Maturo, the Denver challenger, in the second block of the 900 ball in the world, the block ending with Allen in the lead 409 to 332, a gain of 77 runs. The game was held at the end of the first block last night 200 to 166.

FIELDING RECORDS.

Rule 35, Sec. 7: The number of times, if any, each player assists in putting out an opponent shall be set down in the fifth column. (One assist (and no more) should be given to each player who handles the ball in aiding in a run-out or any other play of the kind, even though he completes the play by making a put-out.)

STOLEN BASES.

Rule 35, Sec. 9: In event of a base runner making his start to steal a base prior to a battery error, he shall be credited with a stolen base (and the battery error shall be charged).

IMPOSSIBLE, BUT AP- ARENTLY TRUE

WILLIAMSPORT, Pa., Jan. 30.—Robert Fitzsimmons, former heavyweight champion of the world, displayed much of his old time speed and ring generalship here last night in a six round bout with "Knockout" Sweeney of Cleveland. It was his first contest since he retired from the ring several years ago and pugilistic experts asserted he had come back.

RAMEY SENDS IN HIS CONTRACT

M. L. Ramey, the young southpaw, who had been the favorite of the Cleveland club today, the document having been mailed from Cleveland where the youngster's home is. Ramey is regarded as a mighty sweet prospect, and the local club is glad to hear that he is satisfied with the terms offered him.

NEW ATHLETIC CLUB WARMING UP

If the San Francisco crockers who claimed Oakland did not possess an up-to-date athletic club had visited Wheelmen pavilion last night they would surely have changed their minds. The athletes of the Wheelmen Athletic club were out in force and there was something doing in every corner of the huge building.

Professor Otto Rittler had a big class in physical culture, and was going through a lot of evolutions with clubs, dumbbells and wands and then splitting up into sides for basketball, volleyball, club passing and handball. Prof. Otto Warren had fifteen youngsters in his boxing class and Prof. Al Levine gave wrestling pointers to a dozen young hunkies. The membership of the club is increasing by leaps and bounds and the class of members is all that the most fastidious could desire.

At a meeting of the board of directors last night at which President M. M. Moffitt presided it was decided to eliminate the initiation fee until the first of March. During the next month members will be enrolled on payment of "three months dues" (\$6) as this sum includes a reserved seat ticket for the boxing contests held at the Oakland Wheelmen Athletic Club.

COAST TITLE UP FOR VALLEJO BOUT

The Vallejo fans are all smoked up over the Otto Berg-Salador Grande 20-round bout which will be staged at the Floden arena, Vallejo, next Thursday evening.

Being for the middleweight championship of the Pacific coast and they are recognizing Berg's claim to the title and advertising Grande as the challenger.

Promoter Charlie Greenan has gotten out a lot of mighty attractive advertising matter and a record house for the navy town is expected. Sammy Trinkle, the noted Salador boxer, was the Soldier Elias of the Pacific in the special event and two other good bouts will also be staged.

BEGIN PORTLAND HEARING ON REGIONAL BANK ISSUE

PORTLAND, Jan. 29.—Secretary McAdoo and Houston, the organization committee of the new federal reserve system, arrived early today and at 9:10 o'clock were escorted to the Federal court, where the hearing for the establishment of a regional bank is being held.

A regional bank is being urged for Portland and the showing is made that while 35 per cent of the bankers of Washington have endorsed Portland, not one Oregon bank has endorsed either Seattle or Spokane. The Portland bankers are urging a branch of the regional bank in the state bank should be established in San Francisco.

Governor West will urge geographical location and advantages of Oregon. President A. L. Mills of the Oregon House Association and also of the First Portland's position as a banking center. National bank, is dealing principally with He testified that the city controls the banking business of the entire state of Oregon. 35 per cent of Washington's and 11 of Idaho and Alaska.

HYOMEL SOOTHES, PURIFIES, HEALS CATARRHILLS

When you have frequent attacks of sneezing or head colds, tickling in the throat, dull headaches, crusts in the nose, raising of mucus or spasmodic coughing, and even itching in the nostrils, you are affected with catarrh—a disease that cannot be neglected since it often leads to a serious if not fatal ailment. The ravages of catarrh will in time wreck the health of even the strongest person. Besides, catarrh is a result of an unhealthy life, is miserable and annoys your friends.

At the first catarrhal symptom surely use Hyomel. It's the right-to-the-point remedy—you breathe it—no nauseating drugs to upset your stomach.

Hyomel is a combination of antiseptic oils that you breathe into the nose, throat and lungs in the natural way. Just put a few drops into the inhaler and breathe it in. The germicidal fumes mix with the air and at once penetrate to all nooks and crannies of the mucous membrane lining the breathing organs. It destroys the dangerous germs that may be lurking in the delicate tissues, and immediately soothes and heals the raw and inflamed membrane.

Hyomel is sold with an agreement to refund the purchase price to anyone who is not benefited. You surely can afford to try it on an offer like this. All druggists have it. Get the complete outfit, \$1 size.

J. HAYES REDUCED FROM AFFLUENCE TO POVERTY

SAN FRANCISCO, Jan. 29.—In 1905, John Hayes of 1655 Webster street was worth a fortune estimated close to the \$200,000 mark. Today he is practically penniless. The change in fortune was caused yesterday when Hayes was arrested by Patrolmen McCarrie and Hughes because of his inability to pay his water bill. Larceny and fire losses ate up the entire fortune. Hayes, who is now more than 60 years of age, was one of the large contributors to the relief fund of the earthquake refugees. He also declared that he had spent out of his own pocket, \$200 for the opening of Bryant street to the Mill block. His wife shortly after the earthquake became mentally unbalanced and was in an asylum for some time. Hayes said he had two daughters. One, he declared, was married to Captain Leslie T. Peacock of New York, and the other, now dead, had married William Cooke, Bristol, England. His brother, Christopher Hayes, was a few years ago mayor of Bristol.

SEA SICKNESS MAY BE CURED, IS CLAIMED

BERLIN, Jan. 29.—Ocean voyages no longer need to be a terror to those subject to sea sickness, is in effect the announcement made yesterday by Dr. Joseph Fischer, a well-known heart specialist of Nuremberg, in a Munich medical weekly. Dr. Fischer reports that as a result of extensive experiments with sea-sick passengers he found that the injection of atropine cured the worst case.

Dr. Fischer made experiments on a voyage to New York. He found that the injection of physostigmine produced the exact clinical symptoms of sea sickness. He then discovered that the injection of atropine paralyzed this artificial mal de mer.

Dr. Fischer says atropine is not dangerous and has no ill effects.

IMPEACHMENT OF TWO JUDGES IS DEMANDED

NEW WESTMINSTER, B. C., Jan. 29.—A resolution demanding the impeachment of two judges, Mr. Justice Morrison and Judge Howay who sentenced miners charged with offenses in connection with the Nanaimo disturbances of last autumn was passed by the British Columbia Federation of Labor to convention yesterday. The resolution was forwarded to the department of justice at Ottawa. Regular medical inspection of jails and prisoners was also demanded, attention being drawn to the case of a youth aged 20, who died in the prison farm at Burnaby last week without, as was admitted at the inquest, proper medical attention. Release of all prisoners whose health is affected was also demanded.

VALIDITY OF DIVORCE LAW OF NEVADA TESTED

RENO, Jan. 29.—The validity of the new Nevada divorce law was attacked yesterday in the filing of a divorce suit, alleging six months' residence of the plaintiff, Mrs. Pearl E. Culpin, who married Lee F. Culpin in Susanville, Cal., in 1912, and whom she charges with statutory offenses. The law firm of A. & Barry have begun a fight to prove the new law unconstitutional. They are supposed to state contention by many lawyers of Nevada.

"OAKLAND WEEKLY" WILL DEPICT CITY IN MOVIES

An "Oakland Weekly" depicting the city's most important events in this city and already booked in advance in many of the most important photo play houses, is the very latest enterprise in the way of motion picture films. Besides keeping pace with the local news, this reel is intended to exploit the scenic beauty and industrial growth of Oakland. The cameraman will also make a point of catching the prominent men of the city as they are seen in their daily routine.

The reel is being produced by the California Motion Picture Corporation, who have already released much film, not only in this state, but throughout the East as well, with the purpose of advertising California.

The "Golden Gate Weekly" devoted exclusively to California news, is one of their best known productions and serves the same purpose for the state that the Oakland Weekly is supposed to for the city. It is a point of pride that no other city of Oakland has a motion picture reel devoted to it.

Among the several pictures shown in the first issue of the Weekly, and intended to depict the remarkable enterprise of the city, will be a film of THE TRIBUNE plant in full operation. The producers of the Weekly declared that newspaper facilities are one of the surest indexes to a city's prosperity, and consequently believe the incorporation of THE TRIBUNE pictures almost essential to the first reel.

Among the local houses with which the reel has already been booked are: Broadway Theater, Regent Theater, Opal Theater, Rock Ridge Photo, Palm Theater, Fremont Theater, Navajo Theater, Elm Theater, Home Photo Play, Brown's Theater, Hollman's Theater, Sequoia Theater, Marjorie Theater, Webster Playgraph, South Bay Theater, Galaxy Theater, Marlowe Theater, Mosswood Theater, Piedmont Theater and Gem Theater.

CHARGES GOMPERS IS BOOZE FIGHTER

Was "Gloriously Drunk" at the Seattle Convention, Says Duncan McDonald.

INDIANAPOLIS, Jan. 30.—That Samuel Gompers, president of the American Federation of Labor, was "gloriously drunk" at the Seattle convention of the federation was the charge made by Duncan McDonald of Illinois at the convention today of the United Mine Workers of America. During the colloquy, "Gompers" and "slanderer" were hurled at McDonald by Gompers, who sat on the platform.

"I am glad Mr. Gompers is here so I can say what I want to," said McDonald in beginning his reply to the speech made yesterday by Gompers. "I said there were 'boozing' fellows in the next room."

Labor and I'll prove it. At the Seattle convention I had a room with my wife at a hotel next to the room reserved by the resolutions committee. The first Saturday night we could not sleep for the noise made by a bunch of 'drunks' in the next room."

NOISE GREW LOUDER.

"I appealed to the clerk of the hotel and the noise grew louder. Then I went to the hotel office and the night manager called Jim Duncan on."

have to get out of the room, that they were disturbing all on the floor."

"I am here because I am and I finally knocked on the door of the room and was asked to come in and have a drink. When the door was opened there sat Gompers at the head of the table, gloriously drunk, with a bottle of 'boozie' in his hand."

The statement thrust the convention into an uproar and it was some time before order was restored. While the confusion was at its height, Gompers called McDonald a liar and a slanderer.

GOMPERS DENIES CHARGE.

Mr. Gompers followed McDonald and denied absolutely the charge of drunkenness. He declared the statement "absolutely untrue, unfounded, vicious, slanderous and without any form of honor."

Mr. Gompers left the hall to take a train before 11 p.m. H. Meyer, president of the Western Federation of Miners, could speak.

"Despite the statements of Mr. Gompers," said McDonald, "I firmly believe that the assessment for the Michigan strikers should have been paid, and that he failed to give a satisfactory explanation why it was not done."

McDonald charged Gompers with maintaining a machine to perpetuate himself as the head of the federation and in assisting the two worst scoundrels in the candidates of other parties who are members of labor unions.

He accused the head of the national union of not meeting the assessment. "I would not meet the assessment," said McDonald, "why I would rather they would go outside the federation and get the money from the strikers."

McDonald charged Gompers with being a member of a chamber of commerce at Washington, and that he paid his dues to the chamber of commerce. Gompers replied that in the chamber of commerce information of importance to the labor movement was imparted, and that he was a member at the request of the executive council. Mr. Gompers denied that he maintained a machine to keep himself in office, and as an illustration said he had two offers of positions from the governor of a great State, one paying \$8,000 a year and the other \$10,000, but had refused both to continue in the labor movement.

"The labor movement is a part of my life," he continued, "and I'm going to stick to it. You may drive me out of office, but you can't drive me out of the movement."

Mr. Gompers reiterated his statement that to levy an assessment would be disastrous to organized labor and that it could not be collected in time to benefit the copper strikers.

MRS. CLARK THINKS HUSBAND IS ALIVE

LOS ANGELES, Jan. 29.—Aunt D. Jones, for 21 years business manager for Francis Lewis Clark, the missing Spokane millionaire, declared last night that Mrs. Clark will give all the money she has to get him back. "She still believes her husband is alive," said Jones.

No word has been received from "The Blackmailers" who wrote to Chief Sebastian asking \$25,000 for Clark. Experts say part of the note was written by a woman.

The Santa Barbara police will send a launch to the Channel Islands tomorrow to continue the search for Clark's body. Sheriff Nat Stewart of Santa Barbara believes there will be developments of a sensational nature.
